

PROGRAMMABLE LOGIC CONTROLLER TRAINER

The EJET PLC Trainer is designed using standard industrial parts in real PLC application. Comprehensive vocational training and educational training tool for engineering student to enhance skill in automation technology.

EPT100 is a basic standard PLC learning kit suitable for variety brand with built-in power supply, 4mm socket/phoenix contact, simulation indicator lamp, toggle switch etc.

- Digital input : 14 channel
- Digital output : 10 channel
- Analog input : 2 channel
- Communication : Ethernet

EPT200 is a advance PLC learning kit suitable for variety brand with built-in power supply, 4mm socket/phoenix contact, simulation indicator lamp, toggle switch, analog IO, HMI, operation start/stop/Estop button etc

- Digital input : 32 channel
- Digital output : 32 channel
- Analog input : 4 channel
- Analog output : 4 channel
- Communication : Ethernet
- 7" Humana machine interface
- Analog voltage meter : 2 channel
- Analog input regulator : 2 channel

PROGRAMMABLE LOGIC CONTROLLER TRAINER

The EJET PLC Trainer is designed using standard industrial parts in real PLC application. Comprehensive vocational training and educational training tool for engineering student to enhance skill in automation technology.

EPT300 is a portable briefcase designed with standard PLC learning kit suitable for variety brand with built-in power supply, 4mm socket/phoenix contact, simulation indicator lamp, toggle switch, operation start/stop/Estop button etc

- Digital input : 16 channel
- Digital output : 16 channel
- Communication : Ethernet
